Hello. The conviction to serve you, the members, our Nation's Heroes and our communities as the next VFW Auxiliary National Guard has prompted me to introduce myself and seek your support.

This is a huge commitment, a decision that I've prayed about, sought the guidance of mentors and discussed with my family. I'm honored to receive their blessing and encouragement.

I am much like you. We have Heroes in our family. We love our Country. We love to serve those that have ensured our freedom! We put personal agendas aside and side by side we perform the vitally important work for the well-being of our Veterans, their Families and our Communities.

When the response to the pandemic shut down many public events, we had to think outside the box to continue serving in new, innovative ways. It was evident that we must continue working on our programs and advocating for Veterans. We had to implement Zoom and other electronic platforms, find new and effective ways to let out Heroes know that we are here for them and appreciate their service.

My VFW Auxiliary experience includes serving on the Auxiliary, District and Department level culminating in my duties as Department President for the Department of Arkansas. Our Department grew with the addition of two auxiliaries during my tenure and we achieved the Circle of Excellence! I am an award-winning Department Program Chairman and understand that teamwork with the members putting in the hours and energy to achieve success is responsible for this achievement.

My leadership skills honed as the Regional Director for Cynergy Rehab Group managing a team of occupational and physical therapists will translate to a successful leadership style that encourages growth, drives out negativity and promotes effective communication and transparency for our VFW Auxiliary.

I graduated from Arkansas State University in 2000 and have invested 23 years as a Licensed Therapist helping people recover their independence and quality of life after an injury or illness. This career has blessed me and cultivated my desire to serve others.

It is an honor to serve alongside you as a member of the greatest Veterans service organization, the VFW AUXILIARY! Reach out to me to build the lasting relationship necessary to ensure the vitality of our Auxiliary for years to come!

Loyally,

Kimberly Davis, VFW Auxiliary Past Department President, Department of Arkansas
